

North Miami Community Schools

Fall 2020 Reopening Plan

Board Approved 6/30/2020

Updated 8/10/2020

Contributors

Information and input has been collected and considered from each of the following sources:

1. North Miami Re-Opening Task Force
2. Health Officials (National, State, and Local levels)
3. Indiana Department of Education
4. Parents (Survey)
5. Communication with other School District leaders

Main Objectives

We understand that we will never be able to guarantee an absolutely safe environment. However, data supports reopening school. We have learned that students need to be in school in order to thrive, and we feel that our plan will allow us to create safe environments where we can again promote the social interactions that are so vital for our students' development. With our community experiencing "Low to No Spread," we intend to reopen school on August 11th under the traditional model. This reopening plan is fluid and is subject to change based upon the recommendation of the Miami County Health Department, the Governor or North Miami Community school board.

Reopening school involves a commitment to meet each of the following objectives:

1. Train students/staff/parents on how to **self-screen** for COVID symptoms.
2. Students/staff who are sick and/or symptomatic will stay home.
3. Improve distance learning so that those not physically present can continue to participate in learning. A distance learning plan will be developed for students who cannot participate in the traditional school setting or for those families who choose a distance learning option. This plan will outline the daily expectations and procedures for distance learning.
4. Systematically and continuously clean facilities.
5. Promote healthy habits and wear face coverings per Governor Holcomb's Statewide Executive Order.

Response to Confirmed Case

The administration may shut down buildings, busses, or other facilities upon recommendation of the County Health Board or the Indiana Department of Education, for such time as is appropriate for the protection of the community.

Addressing Community Spread in North Miami Community School Corporation

Low to No Spread	Minimal or Moderate Spread	Substantial Spread
<ul style="list-style-type: none"> ● Establish and maintain communication with Local Health Department Officials ● Low to no known active exposure cases <u>at school buildings</u> 	<ul style="list-style-type: none"> ● Establish and maintain communication with Local Health Department Officials ● Minimal or moderate <u>active exposure cases at school buildings</u> 	<ul style="list-style-type: none"> ● COVID spread is such that rolling closures are needed (could be short term or long term) ● Substantial <u>active exposure cases or absences</u> impacting school building attendance and staffing

Risk Mitigation Approach

- **Conduct self-screening** (prevent sick people from attending school)
 - **Provide distance learning options** (as needed until students return in person)
 - **Promote hygiene** (hand washing)
 - **Increase cleaning** (disinfect surfaces)
 - **Keep kids in cohort groups as much as possible** (support tracing)
 - **Maximize distance** (as feasible)
 - **Avoid large groups** (where possible)
 - **Recommend masks** (when social distancing is not possible)
 - **Encourage outdoor activities, weather permitting** (classroom activities, PE, elementary recess will be allowed)
- Decisions based on:** 1) medical advice, 2) what is feasible, 3) feedback from the school community.

North Miami Procedures: Screening - Exclusion - Reporting

Current Statistics for Miami Co.	Source: https://www.coronavirus.in.gov/2393.htm
Parent Screening Measures <i>before a child leaves home</i> (keep child home if symptoms present)	<p>Symptoms:</p> <ul style="list-style-type: none"> • <i>Fever of 100 or greater or chills</i> • <i>Shortness of Breath or Difficulty Breathing</i> • <i>New Loss of Taste or Smell</i> • Congestion or Runny Nose • Cough • Muscle or Body Aches • Headache • Sore Throat • Nausea/Vomiting • Diarrhea <p>Any student/staff should stay home from school if they test positive for COVID-19 or exhibit symptoms of COVID-19 listed above based on CDC Guidance that is not otherwise explained.</p>
Medical Inquiries	Parents and employees notify the school if someone in your home has tested positive for COVID-19. When a parent or employee tells the school that a student/staff member is ill, the school may ask whether the person is exhibiting symptoms of Covid 19. If the person is obviously ill, the school may inquire about the symptoms exhibited, and may exclude the person from school property, only to return in accordance with the options below.

When a student, faculty or staff member can return to school (updated 8.10.2020)

Individual	Symptomatic	No Symptoms
Not Tested with Alternate Explanation (ear or urinary tract infection, etc. as determined by a provider)	May return to school after 24 hours resolution of fever AND note (including email and fax) from provider stating the individual has an alternate diagnosis and the provider believes it's appropriate for the patient to return to school.	N/A
Not Tested Without Alternate Explanation	Must remain home for at least 10 days from the first day symptoms appeared AND 24 hours fever-free without fever- reducing medicine and with improvement of symptoms.	N/A
